

Chosen Youth League Media Release Opt-Out Form

There are many accomplishments that take place during practices, games, and other events related to the Chosen Youth League that Directors and Staff feel are positive, newsworthy, and of interest to the community. Chosen Youth League Staff will, from time to time, use still photography or videography for the purpose of highlighting player achievements or chronicling Chosen Youth League activities. Those images may be used in informational newsletters, brochures, team photographs, social media or other marketing means by the Chosen Youth League and those acting under its permission.

If, for any reason, **YOU DO NOT WANT** your child's likeness to be used by Chosen Youth League for any media purposes, please fill out this form and sign below. A separate form is required for each child. This Media Release Opt-Out Form applies to the current season only and a new form must be signed each season.

I DO NOT wish to have my child photographed/videotaped for any public media purposes.

Child/Player's full name: _____
